Southeast Asia

An A.M.A motorcycle tour will be like no other trip you've ever experienced. An A.M.A motorcycle tour can easily become the trip of your lifetime. If you suffer from wanderlust, a yearning for roads less traveled, come ride with ASIAN MOTORCYCLE ADVENTURES. And come soon before the old ways are lost forever.

The motorcycles we ride, dual-purpose, enduro-style, lightweight bikes, are eminently suited for the terrain in Southeast Asia. This region is filled with so many mountains and so many curves that only infrequently do we hit speeds exceeding 100 kph (60 mph); maneuverability and durability are our utmost concerns. In addition, the road system here is not up to Western standards, so sooner rather than later you will be thankful you are riding a machine that glides over rough ground. Our bikes have consistently proven themselves time and again on the toughest roads in the most remote regions in Laos and Cambodia. A mechanic accompanies every motorcycle tour and he will have your bike warmed every morning, oil topped, chain lubed, tire pressure checked, and even the morning dew will be wiped off your seat and tank. By not having to worry about your motorcycle's maintenance, this frees up 100% of your time to fully enjoy the pleasures surrounding you.

New Zealand

Ayres Adventures, a company that offers exceptional international motorcycle tours in Africa, Europe, New Zealand, North America and South America, was founded by noted long-distance motorcycle enthusiast and author Ron Ayres. Ron's most recent book, *Going the Extra Mile*, has been recognized as the authoritative source for long-distance touring. Two of his books, *Against the Wind* and *Against the Clock*, have been Whitehorse Press best sellers since their publications in 1997 and 1999, respectively.

After Ron retired from the business world, he decided to focus his attention on motorcycle touring and adventure travel. Ron and a team of experienced motorcyclists now lead other enthusiasts on several "Ayres Adventures" - exciting trips through Africa, Europe, New Zealand, North America and South America. These trips are relatively leisurely journeys characterized by delicious meals, great hotels, and plenty of opportunity to soak up local culture and see the sights.

Our 21-day Grand Tour is an incredible Adventure that offers riders the extraordinary opportunity to delve into the best that New Zealand has to offer – on both islands. You'll see the country's most popular attractions, and enjoy aspects of this fascinating country that most visitors never have the opportunity to experience. A partial list of the highlights of The Grand Tour includes Mount Cook, a cruise of Milford Sound, The Franz Joseph and Fox Glaciers, the volcanoes of Tongariro National Park, and the thermal activity of Rotorua.

In addition to great riding and stunning landscapes, the quality of meals and lodging are in keeping with the high standards that have become an integral part of all Ayres Adventures. Accommodations range from comfortable, middle class hotels to luxury accommodations and "boutique" establishments that are off-the-usual-tourist-path.
